

CHAMBERLAIN NEWS

April Edition

Staff Spotlight

This month's staff spotlight is on April Phelps, M.Ed., Special Education. April attended Temple University and Bridgewater State University. She has been teaching for 22 years and has taught here at Chamberlain for the last 8 years and plans to remain here with us for the next five.

"I love my co-workers with whom I work – especially Barb. All of the staff here are dedicated to their students, have wonderful senses of humor and are team players."

One of her favorite things about teaching are the "Hallmark Moments" when a student takes the encouragement provided and exceeds their own expectations. April also takes great enjoyment in seeing a student who has graduated that is excited to share what they have been doing.

If April could have anyone to be her student for a day she would select Christopher Columbus to inquire about his many trips and to discuss what it was like to explain to people that the world is not flat. "I would also teach him to load up on Vitamin C to help prevent scurvy."

Thank you for your tireless efforts and for all the wonderful work you do with our students

Reminder, We are in need of books!

To help us get up and running we are asking for donations of any paperback fiction you may be willing to part with. Donations can be dropped off at the front office or Admissions office during school hours and left with the residence staff during nights and weekends. For more information please contact Julian at jbirch@flcis.com!

"Taking a Bite Out of Nature"

Students in Sherrie's Biology class embarked on a fun project called "Taking a Bite Out of Nature". They explored different foods that they may not typically consume. Included were fruits such as dragon-fruit, starfruit, caviar, anchovies, squid, and more!
