

UPCOMING EVENTS

COLLEGE CORNER

It has been a busy Fall and Winter so far for our college bound students with applications and visits. Some of our students have already been taking courses at Massasoit Community College in preparation for next year.

Here is a partial list of colleges students have been visiting and applying to:

Amherst College
Becker College
Berklee College of Music
Boston College
Boston University
Bridgewater State University
Cosmetology Schools
Curry College
Dean College
Drexel University
Framingham State College
Hampton University
Hofstra University
New York Institute of Technology
Northeastern University
Smith College
St. John's University
SUNY
University of Massachusetts Amherst
University of Massachusetts Boston
University of Massachusetts Dartmouth
University of Massachusetts Lowell
University of New Haven
University of Pittsburgh
University of Rochester
Worcester State College

April 2017—Marine Biology Trip, Florida

This educational trip consist of various biological study sites including Big Cat Rescue Center, Seabird Sanctuary, FL aquarium and Busch Gardens.

June 10-19 2017—Denmark & Italy Trip

The goal of the Europe trip is to give students the opportunity to experience cultural, culinary, architectural and economic similarities and differences in different countries. The group will travel to Hilltop School in Skive Denmark. They will have the opportunity to spend time with their Danish counterparts and see what it is like to live the life of a student in a foreign country.

Annual Trip to Washington D.C

- Julia Diamant

Paying respect at the Holocaust Museum

While in DC, the students and staff visited various sites and attractions. Among the list of places visited were the Holocaust Museum, the Library of Congress, the United States Capitol, the Tomb of the Unknown Soldier, Arlington Cemetery, the Museum of Natural History, the National Air and Space Museum, the National Museum of African American History and Culture, and last but not least and NFL game at FedEx field! The kids were excited, interested, and engaged during the tours and paid their respects in many ways. We had a great group and a great time!

In awe over an exhibit while touring the Holocaust

Community Service; Holiday Baking

Students learning important nutritional information while gaining in their baking skills

Students enjoying baking cookies and snacks to share with our community. Their hard work was nicely rewarded with so many notes of thanks and appreciation for their kind gesture.

Before our students went home for the Holidays we thought it would be a lovely gesture to bake a variety of treats that would be hand delivered to Chamberlain's neighbors.

Students in each group worked together following recipes closely, sharing the work load and patiently waiting for the timer to "ding before heading out into the neighborhood to deliver the goodies."

Chocolate Peanut Butter Chunk Cookies from scratch!

Spreading Holiday Cheer

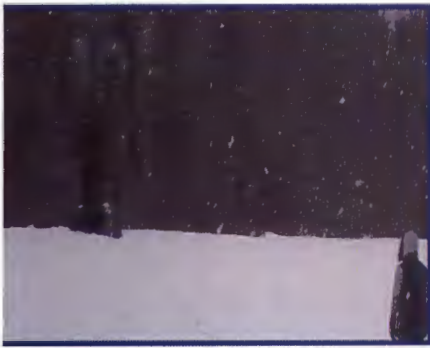

Some of our staff & students went to the Taunton Nursing Home to sing Holiday songs with the residents. The students did an awesome job singing and bringing cheer to the residents. The holiday spirit was alive and all who participated had a great time.

Student Life

When mother nature brings a little over a foot of snow to campus the only thing you can do is bundle up, grab a sled and your friends and make the most of the storm!

Dog Sledding at Valley Snow Dogs in Thornton NH

With help from one of the students at 7 Pleasant Street, the boys and staff enjoyed a delicious Salmon dinner!

SLIME

The students in Jodie & Kim's Science class followed instructions to mix a recipe to make slime. It was a great sensory activity for the class!

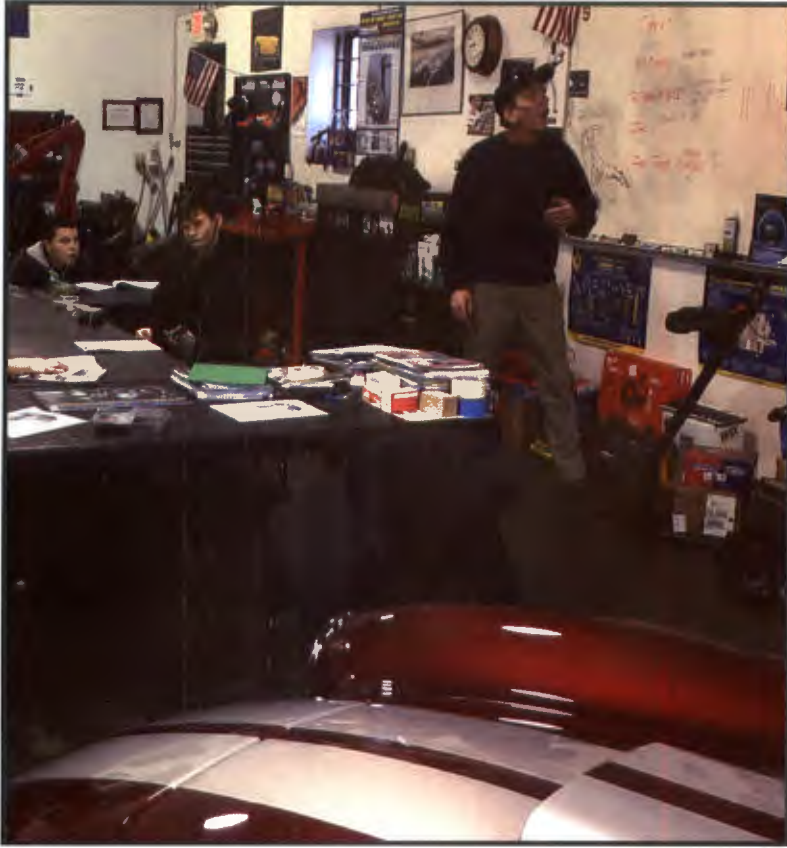

A group of students work together teaching a new International student from China English!

Top Photos:

Students from April and Barbara's class attend the Life Care of Plymouth every Monday afternoon from 1:00 to 2:10 p.m. The students enjoy striking up conversations and visiting with patients knowing that it brightens their day and puts a smile on their face.

Automotive Class

During class, the Auto Instructor teaches every student how to responsibly buy, rent, own, and care for a car. Students learn how to talk to their mechanics, check their oil, change wiper blades and tires, and they learn not to pull over on the highway to change a tire, because it is too dangerous.

Joe was demonstrating how electricity works in a car by creating a model in which the students were able to turn on a light bulb. He explained how electricity travels, gave examples of effective and non-effective conductors and grounding materials. They kids, especially Bader, were thrilled with the hands-on learning experience. They were able to take turns flicking the switch.

Enrichment Spotlight

- Jonathan Naumowicz

The students in the music elective get together weekly at the Burt Wood School of Performing Arts to practice and perform a variety of songs. The band has developed a set list that covers many generations and genres, including rock, funk, R&B, pop, and folk music. The band is driven by amazing student performers: Khalil (drums), Taylor (guitar), Cameron (guitar), and Julia (lead vocals). The band is currently working on songs by Led Zeppelin, Stevie Wonder, Oasis, The Animals, The Killers, and The Black Keys.
